Universal Closure

An economical option to seal and fill any space under ridge caps, trim and other openings between metal panels. Universal Closure is made of open cell polyurethane foam and easily compresses or expands as necessary to fill gaps between panels.

- Long lasting Polyurethane foam
- Flexible open cell design compresses and expands easily to fill gaps
- Easy to install 25' rolls with adhesive strip

Item #	Description	Width	Length	Height	Pcs/Bag	Lb/Bag
UC11	Universal Closure	1"	25'	1"	10	2.5
UC112	Universal Closure	1"	25'	1-1/2"	10	3.3

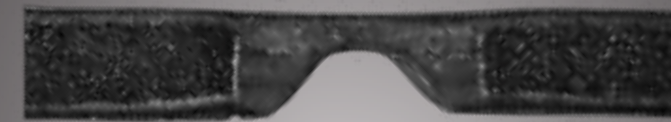

FastVent™ PLUS

FastVent™ Plus provides ventilation and uniform air flow for the proper maintenance of metal roofs. Uniquely engineered breathable closure strips eliminate any leak path into the ridge area by completely sealing against the panel profile. This form-fit reduces wind-driven rain problems to a minimum. Closed cell polyethylene completely surrounds the open-cell venting foam.

Item #	Description	Length	Width	Ft/Bx	Pcs/Bx	Lb/Bx
FASPLU	FastVent Plus Ag Panel	3'	1-3/4"	75'	25	3.2
FASPLURP	FastVent Plus R Panel	3'	1-3/4"	60'	20	3.3

AG Panel

Tight Seal
