

# Snow Defender®

## Relentless Safety

### Guards Made to Last

Our stainless steel Snow Defender® line is made from quality grade and heavy gauge stainless steel that will not corrode. Our non-metal guards are made from polycarbonate Lexan, making them durable and resistant to damage from UV rays.

### Enduring Powder Coat

Our stainless steel Snow Defender® is available powder coated or mill finish. Each powder coated Snow Defender® receives a high quality powder coating for vibrant and lasting color, with each going through a 7 bath extended process for increased adhesion and durability.

### Snow Defender® 15 Year Warranty

Our stainless steel Snow Defender® line is backed by a 15 year warranty.

### Made in the USA

Every Snow Defender® is manufactured from start to finish in the United States.

### Exposed Fastener

### Standing Seam

### Polycarbonate
